Eastern Healthcare Preparedness Coalition

Our mission is to facilitate coordination cooperation throughout the region of Eastern North Carolina by ensuring partners have the capability to mitigate, prepare, respond, and recover from critical health events.

The Eastern Healthcare Preparedness Coalition (EHPC) was formed from the long standing Disaster Preparedness Committee of the Eastern Regional Advisory Committee in February of 2015. The Eastern Healthcare Preparedness Coalition partners with healthcare in response organizations in 29 counties to prepare for, respond to, recover from, and mitigate against any emergencies or disasters affecting the residents and guests of Eastern North Carolina.

Items listed in this catalog are available for deployment during disasters, surge events, pre-planned events (mass gatherings, sporting events, etc...), and/or trainings. On occasion, there can be usage fees associated with the deployment of these items. It will be dependent upon the request. Any usage fees will be negotiated prior to the deployment of the equipment. Any fuel fees will be encumbered by the requester. Any damages to the equipment will also be encumbered by the requestor. Movement of assets will be negotiated prior to the deployment. As a note, deployment of some mission packages will utilize equipment from others and render them non-deployable, depending on the request.

APPENDIX A-Z	45-88

Alternate Care Facility Package

The ACF-Package allows a facility to have supplies to care for 50 injured or ill victims from a medical surge or mass care situation.

Quant	Description
1	20 foot trailer, 9000 GVW (ACF Trailer)
50	Army Cots
10	WestCots
25	IV Poles
150	Linen
1	PPE Cache 1000 Gloves
(3 sizes)	
120	Gowns
210	N95 3M 1860
5	BP Cuffs w/ Stethoscopes
1	Table
4	Chairs
2	Tripod Lighting
1	Hand truck
1	AED
1	Tow Vehicle
2	Logs Support Personnel

NOTES:

Total of 20 ACF trailers in EHPC Region, One at each hospital

This is for delivery and setup only

SEE APPENDIX A1 (P.45) - Cost of operations

ACF-Medical Surge Support Package

The ACF-Medical Surge Support Package supports a facility to have supplies to care for 50 displaced or ill victims from a medical surge or mass care situation.

Quant	Description
60	WestCots (48" – 20 with Side Rails)
2	MasCache Combo Pods (25 pts Adult/Peds for 96 hrs)
50	IV Poles, wheeled
200	Linen
8	Stephenson Cases (Medical Treatment Station)
35	Privacy Screen
1	32 foot trailer, 14,000 GVW (Logs Support)
1	Tow Vehicle
4	Logs Support Personnel

NOTES:

This is for delivery and setup only

SEE APPENDIX A2 (P.46) - Cost of operations

Ambulance Strike Team Response Package

AST Program assets are to provide additional EMS support to the local jurisdiction as needed and requested.

Quant	Description
10	Personnel (EMT-Paramedic)
1	Logs Support Personnel
1	QRV - Paramedic Supervisor (Strike Team Leader)
1	24 foot trailer, 14,000 GVW (Logistics Support)
5	ALS Ambulances
2	17.5 kw portable generator (Gas 16 gallon)
1	Comms Package/Unit
1	Tow Vehicle

NOTES:

BLS, if desired, can be requested

Ambulance Bus (MAB) can augment this Strike Team

Fuel Supply will be needed

SEE APPENDIX B (P.47) - Cost of operations

Clinical Support Package

The CSU Package provides a work area for Pharmacy, Lab, X-Ray, and Ultrasound Technicians and can be connected into a Western Shelter Tent system.

Quant	Description
1	26 foot trailer, 14,000 GVW
1	GK 1935 Shelter (570 sq ft)
1	HVAC for shelter
1	15 kw portable generator (Gas 16 gallon)
1	8 kw on board generator (Gas 30 gallon w/ pump out)
1	10' x 10' Pop-up Shelter
1	First-Aid Kit and AED
1	Portable Digital X-Ray system (DENR registered)
1	Portable Ultrasound
1	Mini Refrigerators for Lab and Pharmaceuticals
1	Trailer Boot Connector to Western Shelter
6	UHF Vertex Radios
1	SMAT Quick-Out pharmacy cache <ul style="list-style-type: none"> o Commonly used EMS Meds, Cardiac Code meds
1	SMAT "Go-Pack" Pharmacy Cache - See note
1	Transport for SMAT "Go-Pack" Pharmacy Cache
1	Tow Vehicle
2 to 4	Logs Support Personnel

NOTES:

\$60k cost for "Go-Pack" deployment, Non-returnable

SEE APPENDIX C (P.48) - Cost of operations

Communications Support Package - Field Communications Unit

FieldCom1 consists of an all mode capable voice and data platform. The unit has a variety of packages and is loaded based on mission requirements. Staffing is assigned based on complexity of support. The support team consists of ComLs, ComT's, Rado's, Auxcomm and IT Specialists. VSAT download speeds of 20mb/sec down and multiple cellular options on board. Direct satellite links back to NCEOC, RCC's and VMC (Eastern)

Quant Description

1	38' Quad Cab Freightliner, 20,000 GVW
1	Onboard generator (4.5 kw Diesel)
1	VSAT system (data, VoIP PBX system 20mb DL)
1	MSAT system (Voice and PTT)
3	Cradlepoint Wifi Package (1-Fixed, 2-Portable)
1	Fixed and portable telescoping masts
4	UHF mobiles
4	VHF mobiles
3	800 (VIPER) mobiles
1	Low Band
1	HF (Voice and Data)
1	Dual Band (VHF/UHF) Amateur Radios / DMR
1	Portable repeaters
1	Aviation (Including ADSB RX)
1	Marine
1	PACTOR 4 WINLINK
1	Pack Carried Dual Band NCMCN radios (5)
1	Pack Carried 800 (VIPER mobile)
1	ACU 2000 IP
1	ACU M
12	Vertex UHF Portables
10	800 (VIPER) Portables
1	Independent fly away network
15	VoIP Cisco Phones (Wired)
6	VoIP Cisco Wireless Phones
1	Cisco UC 520 Data/Voice Management System with Wireless LAN
1	Printer/Fax
1	Phone / Radio repair tools
1	Various analyzers and test equipment
1	Field Programming Cables and Software for select radios
2	Desktop and Laptop Computers
1 to 4	COMU personnel (COML, COMT, RADO)

NOTES:

SEE APPENDIX D (P.49) - Cost of operations

Communications Support Package - Data Network

EHPC has (2) Cradlepoints available for deployment. Both units are able to be remotely monitored. One unit has (3) cellular providers while the other has (1). Both units work off AC or DC. On board battery will last 10 hours. VOIP support available with OBI boxes and analog phones. (Single)

Quant	Description
-------	-------------

- | | |
|---|---|
| 1 | Cradlepoint Drop Kit <ul style="list-style-type: none"> o AC or DC Compatible o Battery Backup - 10hrs o On board network and WIFI with 1 VOIP line |
|---|---|

NOTES:

SEE APPENDIX D (P.46) - Cost of operations

Communications Support Package - Phones / PBX

EHPC has (1) fully independent fly away phone system. The system will hold up to (40) telephones. Currently 15 phones are included within a go kit. The server can use OBIHAI boxes for Google Voice DiD numbers. Currently, (2) numbers are assigned to the unit. Unit is capable of Wifi over WAN if on site WIFI is available. System is self-contained internal calling, but requires connectivity to make outside calls. Consider adding additional support for connectivity if degradation is anticipated.

Quant	Description
-------	-------------

- | | |
|------|--|
| 1 | VoIP Phones and IT Drop Kit <ul style="list-style-type: none"> o VoIP Phones (Wired) / WIFI phones available o Full server / network / Wifi |
| *1 | May need to add Internet package for remote applications |
| *OPT | Package can be picked up or delivered as available-See below 1 to 2 Support Personnel |
| 1 | Travel Vehicle |
| 1 | 10 foot trailer, 3,000 GVW (Logs Support) |

NOTES:

SEE APPENDIX D (P.49) - Cost of operations

Communications Support Package - Repeaters

EHPC currently has an 800MHz and UHF repeater available. The UHF repeater is tactical in nature and can easily be deployed to most locations. The 800MHz repeater is larger and requires additional long term support. A variety of packages can be designed based on the operational need. Repeaters are available for short term loan outages.

Quant	Description
1	Repeater Drop Kit <ul style="list-style-type: none"> o 8CALL90 / UCALL40
8	<ul style="list-style-type: none"> o Small caches of portable radios
2	<ul style="list-style-type: none"> o Portable Gang Chargers
<p>*OPT Package can be picked up or delivered as available-See below 1 to 2 Support Personnel</p>	
1	Travel Vehicle
1	10 foot trailer, 3,000 GVW (Logs Support)

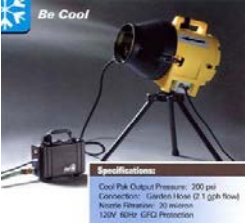

NOTES:

SEE APPENDIX D (P.49) - Cost of operations

Decontamination Package

The DECON package provides equipment and supplies for a Three (3) lane decontamination tent with level C PPE.

Quant	Description	
1	24 foot trailer, 15,000 GVW	
1	3 Lane Drash Decon Shelter (2 Ambulatory, 1 Non-ambulatory)	
1	10' x 10' Pop-up Shelter	
1	12.5 kw portable generator (Gas 16 gallon)	
1	Water Heater (Diesel 10 gallon)	
1	Hot air handler (LP)	
1	Ram fans w/ optional mister	
1	Level C PPE	
1	12 PAPRs	
1	NAAK (120 Duodotes, 60 0.5mg AtroPens, 60 1mg AtroPens)	
1	15' Prism Scene Lighting	
1	BLS bag, Rad 57, O2, First-Aid Kit, and AED	
1	6 UHF Vertex Radios with Decon headsets	
1	Tow Vehicle	
4	Logs Support Personnel	
		       
NEEDED (Requestor to Provide)		
1	Hydrant or 90 psi water source needed personnel needed	
12	– 6 dress out, 6 set-up	
NOTES:		
System could be used for Responder Rehab The decon setup can handle up to 100 patients per hour		
SEE APPENDIX E (P.50) - Cost of operations		

Disaster Medical Support Package

The DMS package is utilized to support, All Hazards Paramedic(s), in the Urban Search and Rescue (USAR) or Regional Response Team (RRT) environment at an emergency scene with medical equipment and supplies.

Quant Description

- | Quant | Description |
|-------|--|
| 1 | 12 foot trailer, 3,500 GVW (DMS Support) |
| 1 | 26 foot trailer, 14000 GVW - MSU, 4 bed w/ privacy curtains and 2 addl seated pt's |
| 1 | DMS Support Equipment Package |
| 1 | Comms Package/Unit |
| 2 | Tow Vehicle |
| 1 | Support Vehicle |
| 2 | Logs Support Personnel |
| 1 | COMMS Support Personnel |
| 1 | STL (DMS Technician) |
| 5 | All Hazards Paramedic (NCEM)/Medical Team Specialist (FEMA-MTS) |

NOTES:

DMS Package augments the medical component of a USAR Task Force or RRT Can assist local EMS agencies in operations at a disaster site
 NC has two (2) packages currently; EHPC and Charlotte Fire (MHPC).
 SEE APPENDIX F (P.51) - Cost of operations

Field Medical Station Package 0-10 pt's (TYPE IV)

To provide responder rehab or minor medical capability for at-risk individuals with emergent/acute care medical needs during local/regional events or pre-planned events for up to 12 hour operational periods.

Quant	Description
up to 7	Medical & Support Personnel for 12hr op
1	26 foot trailer, 14000 GVW - MSU, 4 bed w/ privacy curtains and 2 addl seated pt's
1	40 foot trailer – Logistics/Medical/MCI
1	Comms Package/Unit
2	Tow Vehicle
1	Logs Support Personnel

NOTES:

*****Total of 6 MSU trailers in EHPC Region*****

SEE APPENDIX G1 (P.52) - Cost of operations

Field Medical Station Package 25 pt's (TYPE III)

To provide field medical capability for at-risk individuals with emergent/acute care medical needs during local/regional events or pre-planned events for 12 to 24 hour operational periods.

Quant Description

- | Quant | Description |
|-------|--|
| 36 | Medical & Support Personnel for 12 to 24hr ops |
| 1 | 53 foot trailer – 15-40 Bed Field Hospital (hard surface for trailer) |
| 1 | 26 foot trailer, 14000 GVW - MSU, 4 bed w/ privacy curtains and 2 addl seated pt's |
| 1 | 26 foot trailer – Clinical support |
| 1 | 40 foot trailer – Logistics/Medical/MCI |
| 1 | 18 foot trailer – Operational support |
| 1 | Comms Package/Unit |
| 1 | Road Tractor |

Food Services required (Baptist Men Feeding Trailer w/ Personnel)

500' x 500' foot print minimum

Will require LE for Force protection

Will need resupply access (roadway)

Trash Services or Dumpster SEE

APPENDIX G4 (P.55) - Cost of operation

Generator Mission Package 100 kw

The 100kw generator package can be used to supply power in single phase 120/240 or three phase 120/208/277/480.

Quant	Description
-------	-------------

- | | |
|---|--|
| 1 | Generac 100 kW Generator - Trailer Mounted <ul style="list-style-type: none"> o 10ft Trailer, 10,000GVW o 80 kW Single Phase - 120/240V o 100 kW Three Phase – 120/208V or 277/480V o Diesel, 165 gal, 27 hr run time with full load o (2) 120 V 20 Amp GFCI outlets o (3) 240 V 50 Amp twistlock |
| 1 | Tow Vehicle |
| 2 | Logs Support Personnel |

NOTES:

Additional large generators can be requested from local EM or RCC
 See below for drop cords
 SEE APPENDIX H1 (P.56) - Cost of operations

Generator Mission Package 20 kw

The 20kw generator package can be used to supply power in single phase 120/240 or three phase 120/208/277/480. This package also includes a 500 gallon water tank and 30ft light tower with four 1kw lights.

Quant	Description
-------	-------------

- | | |
|---|---|
| 1 | MTT 25 with each SMAT II <ul style="list-style-type: none"> o 18' trailer, 12,000 GVW o (4) 1000 Watt Lights o 30 foot tower o 15 kw Single Phase – 120/240V o 18 kw Three Phase – 120/208V or 277/480V o Diesel, 246 gal, 127 hr run time with full load o (2) 120 V 20 Amp GFCI outlets o (2) 240 V 30 Amp twistlock o (2) 240 V 50 Amp twistlock |
| 1 | Tow Vehicle |
| 2 | Logs Support Personnel |

NOTES:

Additional large generators can be requested from local EM or RCC
 See below for drop cords
 SEE APPENDIX H1 (P.57) - Cost of operations

Generator Mission Package - 15/17.5 kw

The 15/17.5kw generator package can be used to supply power in single phase 120/240.

Quant	Description
1	15 kw portable generator (Gas 16 gallon) - 5 Available
1	17.5 kw portable generator (Gas 16 gallon) - 3 Available
1	Tow Vehicle
2	Logs Support Personnel
1	10 foot trailer, 3,000 GVW (Logs Support)- 2 or less portable genset delivery trailer
1	32 foot trailer, 14,000 GVW (Logs Support)- Needed for 3 or more genset delivery
*OPT	See below for Electrical Cord & Supply Package

NOTES:

SEE APPENDIX H2 (P.58) - Cost of operations

Generator-Electrical Cord & Supply Package

The generator-electrical cord package can be used to extend power to numerous areas using feed line and distribution boxes.

Quant	Description
1	Extension Cord 50/100ft, 10/15/20-amp (10- Available) Extension
1	Cord 50/100ft, 50-amp (12- Available)
1	Distribution Box, 6 Outlet 50-Amp Single Phase (10- Available)
1	Power Panel, Electrical, 400-amp (2- Available) - Connects to Rental or EM Generator

NOTES:

Heating, Ventilation, and Air Conditioning Support Package

The HVAC package can be utilized to support facilities that has lost their primary HVAC, primary mission is for healthcare facilities.

Quant Description

- | | |
|--------|--|
| 1 | HVAC, 3.5 Ton (10 - Available, EHPC ROC Warehouse) |
| 1 | Supply Ducting (6 - Available, EHPC ROC Warehouse) |
| 1 | Return Ducting (6 - Available, EHPC ROC Warehouse) |
| 2 | Plywood Sheeting (For door or window connections) |
| 1 | 50-amp Electrical Cord & Distribution Box |
| 1 | 32 foot trailer, 14,000 GVW (Logistics Support) |
| 1 | Tow Vehicle |
| 2 to 6 | Logs Support Personnel |

*OPT Package requires 50-Amp electrical shoreline hookup or Select a Generator Package

- | | |
|---|---|
| 1 | Generator Package (see appropriate tab) |
| 1 | Refueling coordination |

NOTES:

Package costs \$230 per installation point with reusable duct or \$340 with disposable duct

Additional costs are \$35/package request for screws/ties/tape.

SEE APPENDIX I1 (P.59) - Cost of operations

HVAC-Cooling Package

The HVAC-cooling package can be utilized to support responder rehab at emergency scenes or pre-planned events.

Quant Description

- 1 Port-A-Cool (2 - Available)
- 1 Misting Fan (2 - Available)
- 1 Floor Fan (3 - Available)
- 1 Cooler and Ice (8- Available)
- 1 Aqua Vest 6-Person Cooling System
- 1 Folding Chair (50 - Available)
- 1 32 foot trailer, 14,000 GVW (Logistics Support)
- 1 Tow Vehicle
- 2 to 6 Logs Support Personnel

*OPT Package requires electrical shoreline hookup or Select a Generator Package

- 1 Generator Package (see appropriate tab)
- 1 Rehabilitation Package (Tent or Trailer)

NOTES:

SEE APPENDIX I2 (P.60) - Cost of operations

HVAC-Heating Package

The HVAC-Heating package can be utilized in conjunction with a rehab tent (popup, WS 1935/GK20, or DLX ASAP 18) to support responder rehab at emergency scenes or pre-planned events.

Quant Description

- 1 Hot Air Handler - LP (2 - Available)
- 1 LP Gas Cylinder (6 Available)
- 1 Haul Vehicle
- 1 to 2 Logs Support Personnel

*OPT Package requires electrical shoreline hookup or Select a Generator Package
20 or 30lb cylinders will need to be utilized and filled upon request
For available tents or shelters see Rehab and Shelter Packages

NOTES:

SEE APPENDIX I3 (P.61) - Cost of operations

IMT Support Package

The IMT Support Package includes basic equipment and supplies or HICS kits for a local level response. Support personnel can also be provided if requested.

Quant	Description
1	IMT Pod includes <ul style="list-style-type: none"> o Vests o Clipboards o Office Supplies o Forms o Posters o Job Action Sheets
8	<ul style="list-style-type: none"> o Laptop Computers
*OPT	Package can be picked up or delivered as available-See below 2 to 8 Support Personnel (IMT Positions)
1	Travel Vehicle
NOTES:	

SEE APPENDIX J (P.62) - Cost of operations

Light Tower Package - Light Tower Trailer/Water Tank/20 kw Generator

The light tower package is for agencies needing an artificial light source for emergencies, pre-planned events, or trainings. This package has included a 15kw generator capable of providing power via its 20, 30, and 50 amp circuits. The four 1kw lights are positional prior to being lifted on the units 30ft mast. It also contains a 500 gallon water tank for your non-potable needs.

Quant	Description
-------	-------------

- | | |
|---|---|
| 1 | MTT 25 with each SMAT II <ul style="list-style-type: none"> o 18' trailer, 12,000 GVW o (4) 1000 Watt Lights o 30 foot tower o 15 kw Single Phase – 120/240V o 18 kw Three Phase – 120/208V or 277/480V o (2) 120 V 20 Amp GFCI outlets o (2) 240 V 30 Amp twistlock o (2) 240 V 50 Amp twistlock o 500 Gallon Water Tank with 3.0 gpm water pump |
|---|---|

*OPT Package can be picked up or delivered as available-See below

- | | |
|---|------------------------|
| 1 | Tow Vehicle |
| 2 | Logs Support Personnel |

NOTES:

Diesel, 246 gal, 127 hr run time with full load

SEE APPENDIX K1 (P.63) - Cost of operations

Light Tower Package - Light Tower Trailer/4.5 Kw Generator

This light tower package has a small footprint for setup. The units has a 4.5kw generator with a single 15 amp outlet. It has four 1kw lights that are able to be positioned before lifting up on the 30 ft mast.

Quant	Description
-------	-------------

- | | |
|---|---|
| 1 | Genie (1) with each SMAT II and SMAT III - 6 Available <ul style="list-style-type: none"> o DOT style o (4) 1000 Watt Lights o 30 foot tower o 110 V 15 Amp outlet |
|---|---|

*OPT Package can be picked up or delivered as available-See below

- | | |
|---|------------------------|
| 1 | Tow Vehicle |
| 2 | Logs Support Personnel |

NOTES:

Diesel, 30 gallon 60 hr run time with full load

SEE APPENDIX K2 (P.64) - Cost of operations

Lighting-Portable Lighting Package

The lighting-portable package is a hand carried prism light. These lights require a separate power source for its 120v requirement. Once in place and inflated the light is at 15ft in the top of the duct. The duct will require the unit to be anchored down, to keep from the light falling over.

Quant	Description	
1	Prism Light (4) with SMAT II and (4) with SMAT III - 8 Available	
	o 15' Inflatable	
	o (1) 1000 Watt Lights	
	o Electric, 120V	
1	Tie Down Kit	
*OPT	Package can be picked up or delivered as available-See below	
1	Haul Vehicle	
2	Logs Support Personnel	

NOTES:

See generator package for electric needs

Logistics or Medical Resupply Package

The logistics or Medical Resupply Package has numerous capabilities. The unit can deploy to handle the logistics section of a Field Medical Station, Mass Casualty, or provide Logistics support for a State Medical Shelter Mission.

Quant	Description
1	40 foot trailer, 15,000 GVW
1	14' x 20' Drash Shelter
1	10' x 10' Pop-up Shelter
1	15 kw portable generator (Gas 16 gallon)
1	SMART triage for 100 pts
1	15' Prism Scene Lighting
50	Adult Spine Boards w/ CID and Straps
20	Peds Spine Boards w/ CID and Straps
1	BLS bag, Rad 57, First-Aid Kit, and AED
2	ALS Thomas bags
24	D O2 Cylinders
2	H O2 Cylinders
1	O2 Distribution
1	Airway management and IV management
1	Splinting
1	PPE (Gloves, Gowns, Mask, Work Gloves, Goggles)
1	Field BioSeal (Fatality management)
1	Trailer Boot Connector to Western Shelter
1	Hand Tools
1	1600 gallon per day water purification system
1	Field Hospital Medical Supplies
1	Field Comms package <ul style="list-style-type: none"> o 2 - Viper 800 mHz Radios o 4 - UHF Vertex Radios o MiFi Hot Spot o Aviation Radio
6	UHF Vertex Radios
1	Tow Vehicle
2 to 4	Logs Support Personnel

NOTES:

SEE APPENDIX L (P.65) - Cost of operations

Mass Casualty Support Package

The Mass Casualty Support Package has numerous capabilities. The unit can deploy to handle the operational or logistical needs of a mass casualty scene. It also has equipment to support a Field Medical Station or a State Medical Shelter Mission.

Quant	Description
1	40 foot trailer, 15,000 GVW
1	14' x 20' Drash Shelter
1	10' x 10' Pop-up Shelter
1	17.5 kw portable generator (Gas 16 gallon)
1	SMART triage for 100 pts
1	15' Prism Scene Lighting
50	Adult Spine Boards w/ CID and Straps
20	Peds Spine Boards w/ CID and Straps
1	BLS bag, Rad 57, First-Aid Kit, and AED
2	ALS Thomas bags
24	D O2 Cylinders
2	H O2 Cylinders
1	O2 Distribution
1	Airway management and IV management
1	Splinting
1	PPE (Gloves, Gowns, Mask, Work Gloves, Goggles)
1	Field BioSeal (Fatality management)
1	Trailer Boot Connector to Western Shelter
1	Hand Tools
1	1600 gallon per day water purification system
1	Field Hospital Medical Supplies
1	Field Comms package
	o 2 - Viper 800 mHz Radios
	o 4 - UHF Vertex Radios
	o MiFi Hot Spot
	o Aviation Radio

Mass Fatality Storage Support Package – 53Ft Trailer

*****This is NOT a Mortuary Operation, this is only a containment/storage package*****

The Mass Fatality Storage Support Package can be utilized at an offsite location for the storage of deceased subjects at a mass fatality site or an at capacity morgue. The unit is self-contained and runs automatically. The unit also has a rear hydraulic loading ramp and a mobile racking system for multiple storage locations of remains.

Quant	Description
1	53 foot refrigerated trailer, 70,000 GVW
100	Body bags
50	Cardboard caskets to be used in conjunction with body bags
12	Mobile Racking system for use in trailer (<i>requires backboards and body bags</i>)
1	PPE cache (Gloves, gowns, masks, N95s, PAPRs)
1	Field BioSeal System
50	Backboards
1	Road Tractor
1	Logs Support Personnel
1	Driver

NOTES:

Inside of trailer has to be lined with a non-porous barrier, prior to loading contents.

Requesters responsibility for trailer decon after use.

Trailer will hold a maximum of 60 decedents, racking capacity is 48 decedents.

The unit will need to be checked and/or refueled every 12 hours, dependent upon outside temps.

SEE APPENDIX N (P.67) - Cost of operations

Mass Fatality Storage Support Package – 18Ft Trailer

*****This is NOT a Mortuary Operation, this is only a containment/storage package*****

The Mass Fatality Storage Support Package can be utilized at an offsite location for the storage of deceased subjects at a mass fatality site or an at capacity morgue. The unit is self-contained and runs either on 50 amp shore power or on board 7kW manual start generator. The unit also has a manual hydraulic loading cart for lifting and decedent movement.

Quant	Description
1	18 foot refrigerated trailer, 10,000 GVW <ul style="list-style-type: none"> o 4 portable racks with 4 stainless steel trays each o Manually operated hydraulic loading cart. o On board 7 kW manual start generator (7.4 gallon capacity – Approx. 10 hour run time) o Temperature monitoring system. Alarms set per requestors requirements.
1	Logs Support Personnel
1	Driver

NOTES:

Inside of trailer has to be lined with a non-porous barrier, prior to loading contents.
 Requesters responsibility for trailer decon after use.
 Trailer will hold a maximum of 16 decedents.
 The unit will need to be checked and/or refueled every 9-10 hours, dependent upon outside temps.
 SEE APPENDIX N (P.68) - Cost of operations

MAB-Evacuation Support Package

The Medical Ambulance Bus-Evacuation Support package creates the ability to move numerous BLS level patients at once. Depending on the situation needs, the MAB's configuration can be formatted to fit the patient loads. The unit is set up to provide space for 20 stretcher patients in a bunk bed style or with beds and stretchers removed, space for 30 ambulatory patients. It also has the ability to transport wheelchair dependent patients in the center aisle.

Quant	Description
1	42 foot Medical Ambulance Bus, 36,200 GVW <ul style="list-style-type: none"> o 20 stretcher patients or 30 ambulatory o 8 Wheelchair dependent pt's o BLS certified by NC OEMS o Basic supplies as found on BLS Ambulance

WS-S3A Three Basin Gang Sink

The WS-53A gurg sink is a fully plumbed, three basin sink designed to stand alone or be interconnected into multiple units. It features three individually controlled stainless steel sinks, each with an unbreakable I-texan mirror, and is completely self contained in a rugged aluminum cabinet. The WS-53A is designed to interconnect multiple units, utilizing a single water source. A 25" drain line is provided. The WS-53A measures 19" wide, 13" tall, and 60" long when closed for shipping.

WS-RS Portable Relief Station

The WS-RS relief station is a single stall, field toilet shelter. The WS-R5 features the same articulated aluminum frame construction as the field shower. It is quickly and easily assembled and provides full privacy for the user. The interior floor and cabinet is a one-piece aluminum component that folds flat for storage or transport. A collapsible poly-containment box is lined with disposable poly-bags for disposition of wastes and is compatible with available gelling products.

WS-RS Relief Station:

measures:
1 - 47" x 15" tapered horse and mule bag
1 - 48" x 32" x 4" tapered carter's
box and bag
measured dimensions: 48" wide x 32"
high, height = 14" and 10" length

Standard Shipping Package:

Package weight without add'l. 30.3 lbs.
with add'l. 23.9 lbs.

Water Heating and Purification Systems

Water Heater Systems

When hot water isn't handy when it's needed, it's a pain. Water heater systems, irregular but water delivery is provided the protection. The system consists of a pump, heater, and heater module, offers a constant, uniform and instant supply of hot water. The system consists of a pump, heater, and heater module, offers a constant, uniform and instant supply of hot water. The system consists of a pump, heater, and heater module, offers a constant, uniform and instant supply of hot water.

Model AC 201-2 Portable Water Filtration System

The Western System Systems Model AE 203 is a portable water filtration system that can be used in a variety of situations. Its features and advantages include:

- It is a truly universal treatment. The unit is designed to protect you from 300+ gallons of water, clean and dechlorinate, and remove 99.9% of the harmful bacteria, viruses, and chemical and other organic contaminants found in tap water. It has a filter so fine that it can remove even the smallest of contaminants found in tap water.
- It is easy to use. The unit is designed to be used in a variety of situations. It can be used to treat water from a tap, a well, or a stream. The pre-treated water is then used to fill a container.
- It is a self-contained unit. It is packaged in a durable, compact case and weighs 42 pounds. It is easy to transport and store.
- It is a truly universal treatment. It is designed to remove 99.9% of the harmful bacteria, viruses, and chemical and other organic contaminants found in tap water.
